

How can MOVE help me?

We asked people who have been on MOVE how the project had helped them:

"Since I had a child my confidence has gone completely and MOVE is definitely building that up"

"I've started to do things - otherwise I would be sat in front of the telly all the time"

"Meeting people, talking to people has helped me in so many ways"

"Now I can get on a computer and use it: 6 months ago I had no computer skills whatsoever now I can actually use a computer and switch it on"

"I've had the support I needed to come out of my comfort zone"

"I left school with no qualifications, nothing, but now am building up slowly to where I want to be eventually"

"It has given me the confidence to say yes, I can apply for that"

"It has given me the skills to do things on my own – but at the same time it is nice to have some support"

How can I find out more?

The project is available across Greater Lincolnshire: if you are interested in the project, get in touch with any of our partners and we will help you to find the right organisation for your needs and goals.

Greater Lincolnshire MOVE Project

Skills for employability

Helping everyone to make a difference

What is MOVE?

Greater Lincolnshire MOVE is a six year project funded by the Lottery Community Fund and the European Social Fund. Organisations across Lincolnshire are working together to help people get the skills, experience and confidence to help them find work.

It's not just about sending you on a course and then leaving you to it: you will have ongoing support from an advisor who will be there every step of the way as you identify what you would like to do, and how to do it.

Your advisor can make referrals to other partner organisations, so you can benefit from a wide range of learning, skills, social and work-related activities.

Not only is the service totally free, but we can offer financial support for travel, childcare and respite care costs, making it easier to take part.

"MOVE is a million times better than other projects I've been on. It fits me and I don't have to fit it"
Tom, MOVE Participant
